

# Wind. For my community.

Wind energy is providing Ontario with clean, affordable electricity, new jobs and a brighter future.

“We need new sources of energy in Ontario.

## Wind is a smart choice

because it is **clean** and **provides economic benefits** to landowners and the local community.”

*Reinout Von Martels is a farmer and landowner in Ridgeway, Ontario.*

The 99-megawatt Talbot Wind Project, located in the municipality of Chatham-Kent, generates enough emissions-free electricity to meet the needs of about 33,000 homes.
